

BRC GLOBAL STANDARD FOR FOOD SAFETY OVERVIEW OF CHANGES FROM VS 7 TO VERSION 8 WORKSHOP

OVERVIEW

The BRC Global Food Safety Standard Issue 8 was updated in August 2018 to include emerging issues in the food industry. The BRC standard is a globally recognised certification standard and has been approved by the GFSI (Global Food Safety Initiative).

This one day course provides an overview of the main changes from issue 7 to issue 8. The revisions to each clause of the standard are discussed and guidance is provided as to how these changes can be addressed in your current Food Safety Management System using case studies and activities to facilitate understanding. This course is fast paced and is intended for those who have already attended the 3 day BRC Global Standard for Food Safety workshop. Case studies and activities will encourage participation and ensure

WHO SHOULD ATTEND?

The Food Safety Team, Production Managers / Supervisors, Quality Supervisors and Laboratory staff.
