

FSSC 22000 vs 5 Bridging Course

WORKSHOP

OVERVIEW

The FSSC 22000 Scheme version 5 document was published in May 2019. The updates will require changes to your current Food Safety Management System. All certified sites, will be audited against version 5 from January 2020.

This course aims to bring you up to speed with the recently revised FSSC 22000 Scheme requirements and addresses the new ISO 22000 High Level Structure as well the additional consideration for organisation risks and opportunities enabling more sustainable and consistent business practices. Whether your company is already FSSC 22000 certified and you wish to hear about the updates or if your company is considering FSSC 22000 certification and you wish to gain an understanding of what this entails, this workshop is what you need. Be proactive, be ready. Join us to hear about all about the updates & how this scheme works.

WHO SHOULD ATTEND?

The Food Safety Team or any member of management who needs to gain a better understanding of the standard.
